

Plant Price List for 2010

Slack Top is a small hamlet situated at over 900ft. in the central Pennines, close to the popular tourist spots of Hebden Bridge and Heptonstall. Our nursery and show gardens overlook the picturesque Hardcastle Crags (National Trust) with views to the distant moors. All plants for sale are grown here on the nursery. The majority of the plants listed will be available during 2010, though we shall inevitably sell out of several lines during the season, and several lines will not be ready for sale early in the year. Species of which we hold very small stocks are not listed, so please ask if you have any special requests. A warm welcome and friendly service awaits!

OPENING TIMES: Friday, Saturday, Sunday (and Bank Holidays) 10am - 5pm

Open from 5 March to 26 September 2010 inclusive.

Mail Order service (see back page for Mail Order Form)

Royal Mail

We can use Royal Mail standard service where the cost varies according to the parcel weight, and can cost approximately 25% less than Parcel Force. If you choose this option, please make sure to pay by limit cheque. Please note that your plants will spend longer in transit, and as perishable items, we cannot accept responsibility for orders sent by this service (though we have had no parcels lost to date).

Parcel Force 48 Hour Service

Alternatively we can use Parcel Force for delivery and the standard charge is £14.99 for any parcel up to 10kg – very large orders may cost extra, in which case we will advise you. Charges and delivery can vary for the Scottish Highlands, Islands, Isles of Man and Isles of Scilly – please call us for details.

Payment

Please make payment by cheque or postal order, made payable to '**Slack Top Nurseries**'. Do not send cash. Please enclose your **email address** so we can notify you when your order has been posted.

Alternatives

Please list a few alternatives in case your choices are not available, or instruct us to substitute with something similar, or if you prefer we can return a credit note. Alternatively you may wish to send a limit cheque, where you simply write in words the maximum value of your order at the top of the cheque, leaving the box for figures blank. We will then complete the text and figures for the correct amount.

Minimum Order Value

Due to the high labour input on mail order, our **minimum order value is £30 sterling, excluding postage**. Please allow up to 14 days for despatch.
